Creative Coding 4 Kids

*Wednesdays, 1:15 pm – 2:45 pm, Computer Lab
\$417, 10 sessions*

*October 2nd – December 11th
No class November 27th*

Your child can code their own games, art, and (wait for it... mobile apps!) What? Yes, it's true. Our class for grades 3-5 is open to all experience levels. Students will bring their own ideas for the games and animations they wish to create, and our teachers will guide them towards their goals. A variety of challenges will supplement each coder's own projects, which they'll get to show in a presentation at the end of the class! Beginners will spend the first few lessons learning the basics of coding and how to use Scratch before diving into their own projects.

Our classic Creative Coding experience is designed to be repeated as many times as desired, as each student continues to hone their skills through the individual assistance of our awesome instructors! **3rd – 5th Grades. Class Minimum: 10. Maximum: 14.**

Junior Coding

*Mondays, 2:30 pm – 4:00 pm, Computer Lab
\$376, 9 sessions*

*October 7th – December 9th
No class November 11 & November 25*

Get them started early! This class for 1st and 2nd graders features a mixture of creative play and guided activities with tablets to get your children exposed to basic coding concepts. Students will learn about programming, then practice it for themselves in a variety of fun and creative exercises intended to develop computational thinking.

At the end of the class, every student will get to present something they worked on for their friends, family, and classmates. Coders are welcome to repeat this course, receiving greater challenges each time until they are ready for our Core classes! **1st – 2nd Grades.**

Class Minimum: 10. Maximum: 14.

Pinnacle Explorations

Wednesdays, 1:15 pm – 2:45 pm, Room 2
\$236, 10 sessions

October 2nd – December 11th
No class November 27th

Pinnacle is dedicated to developing our children's interests & nurturing their spirits in the outdoors. Our hands-on STEAM (STEM plus Art) curriculum focuses on teaching Earth Science concepts and developing outdoor skills. Students learn through interactive demonstrations, craft projects, and field trips to nearby natural spaces. We encourage students to find their own passion in the outdoors and aim to facilitate a positive experience that inspires them to be life-long stewards of the environment. **1st - 5th Grades. Class minimum: 4. Maximum: 12.**

TGA Premier Junior Golf

Fridays, 2:30 pm-3:30 pm, Gym
\$190, 9 sessions

October 4th – December 13th
No class October 11 & November 29

Discounted Prices of \$184 for each additional sibling and \$368 for both golf & tennis

TGA Premier Junior Golf brings the golf course to your school! Our national, award winning, 5 level program is specially designed for children and builds upon the educational concepts they are learning in the class room. Fun comes first in every TGA class, but our curriculum also focuses on instilling self-confidence and life values through professional golf instruction. Students learn the fundamentals, etiquette and rules of the game. Best of all, we provide all the equipment and training materials so children of all skill levels have the chance to come out and tee it up with TGA! **K-5th Grades. Class minimum: 5. Maximum: 22.**

Email: bkirkpatrick@playtga.com

TGA Premier Junior Tennis

Mondays, 2:30 pm - 3:30 pm, Gym
\$190 - 9 sessions

October 7th – December 9th
No class November 11 & November 25

Discounted Prices of \$184 for each additional sibling and \$368 for both golf & tennis

TGA Premier Youth Tennis is bringing the tennis court to Laurelhurst! TGA, in national partnership with the United States Tennis Association, co-designed a tennis enrichment program that focuses on athletic, academic and character development for children. The TGA curriculum uses tennis equipment that is modified to be size appropriate and safe, so we can turn the school gym into a tennis court. In addition to professional tennis instruction, your child will take part in a combination of physical fitness for health benefits and academics such as math, science, language and social studies for educational development. Every class focuses on social interaction, developing positive character traits and most importantly having fun! TGA's mission is to empower our students with the tools to be successful on the tennis court and in life. **K-5th Grades. Class minimum: 5. Maximum: 22.**

Young Engineers – NEW CLASS!

*Tuesdays, 2:30 pm - 3:30 pm, Portable 2
\$311 - 10 sessions*

*October 8th – December 17th
No class November 26th*

Theme this session: Amusement Park.

The objective of this course is to impart theoretical and applied knowledge in the fields of Science, Technology, Mechanical Engineering, and Mathematics (STEM) by using LEGO® and other exciting tools. The main goal is to illustrate content through stories and demonstrations. Students will learn mathematics and physical principles through intuitive study; develop their independent learning; and improve their building skills. Once the concepts have been demonstrated, students enjoy hands on building the LEGO® models which provides experiential learning and reinforces the lessons. Powers and principles in physics: The lever principle, fulcrum, effort arm, load arm, torque, transmissions, types of transmission, aviation history, kinetic energy, potential energy, centrifugal force and centripetal force. Models built in class: Pirate Ship, Cable Car, Ferris Wheel, Carousel, Catapult and many more!! Famous scientific and philosophical figures: Archimedes, Sir Isaac Newton, Einstein.

1st-4th Grades Only. Class minimum: 12. Maximum: 16.
